Rhein Main Kannada Sangha e.v. Frankfurt - Call for membership for the year 2021-2022.

Dear all,

Rhein-Main Kannada Sangha has been operating as a social community propagating language, art & culture since 2015. Serving as a non-profit organization incorporating rich Kannada culture and heritage, RMKS is connected globally, gathering like-minded local Kannadigas.

The Sangha's members have been the backbone of its existence and its biggest strength. RMKS committee has always benefited its members for their continuous support by providing a platform to communicate personally and professionally through various opportunities like Kannada Rajyotsava, Ugadi celebration, Kannada Kali, social initiatives & leisure events like grill party and many more. RMKS operated even during the pandemic by conducting live events, like free painting classes, yoga workshops, and a platform to connect with the CGI Frankfurt for its members.

RMKS has maintained transparency by providing details regarding its achievements, finance, and successes to its members during the Annual General Body meeting.

Many of our volunteers contribute hundreds of man hours for free to make all this possible for the rest of us Kannadigas. All of them have day jobs and excel in their fields but when it comes to logistics of conducting a live event or inviting guests to speak to us (webinar or live) there are costs involved like booking a hall, organizing food (catering + transportation), stage decoration, sometimes fees for celebrity chief guests, etc. Here is where everyone can actively contribute by becoming a member of RMKS.

Now, it's that time of the year where RMKS seeks support from our beloved members through the renewal of the membership, and we are extending the family by adding the new members to continue our good work as Kannada Sangha.

Finally, this membership is a small contribution towards running our sangha/your sangha which is trying to survive, sustain and grow in a foreign land.

The membership fees are minimum and are valid for a year (Nov 2021 – Oct 2022).

Extra contributions are always welcome.

- Team RMKS
